

APPROPRIATE METHODS OF HANDLING

The best way to move animals is to understand their natural behaviour and to work with that behaviour.

For cattle and sheep, use your position, voice, flags, and a stick as an extension of the arm.

For pigs, use your voice, sacks and pig boards.

Handlers are not permitted to handle animals in such a way as to cause them pain or suffering.

It is not permitted to...

- Strike or kick any animal
- Apply pressure to any particularly sensitive part of the body in such a way as to cause pain or suffering
- Lift or drag in any way that may cause pain or suffering;
- Use prods or other implements with pointed ends
- Twist, crush or break the tails of animals or grasp the eyes of any animal
- Throw or drop animals

Poor handling can result in lower meat quality, as well as bruising and injury.
