UK CROPS GROWN, PROTOCOLS AND CATEGORIES

The table below lists fresh produce crops which are grown in the UK and are assured under the Red Tractor Fresh Produce Version 4 standards. It lists the crops, the associated crop protocol which you are required to comply with (if applicable) and the category the crop falls under. Currently, some crops do not have an additional crop protocol and are only assessed against the main Fresh Produce standards, these crops are listed in the table.

Crops assured under Red Tractor	RT Protocol	Category
Apples	Fruit, top	2
Apricots	Fruit, stone	2
